

WILDFIRE OUTDOOR LIVING
2025/26 PRODUCT BROCHURE

A GRILL SHOULD SPARK A FLAME IN YOU.

You'll always pick the open flame over a stovetop. Blame it on your DNA. We share your passion. That's why we're driven to keep the thrill alive every time you step up to the grill. From our exclusive 304 Stainless Steel design and illuminated LED knobs to the cast stainless steel burners and laser-cut stainless steel cooking grates, Wildfire constantly innovates to keep up with, and inspire, you.

SMOKING HOT. ON AND OFF.

With grills this good looking, you'll start drooling before the cooking begins. Sleek and modern, yes. But this masterpiece is built tough. From its seamlessly welded lid to the thick-cut cooking grates, Wildfire unites beauty and brawn.

EXTERIOR FEATURES

Black 304 Stainless Steel

We gave the classic 304 stainless steel design a modern edge. The sleek finish is achieved through an innovative binding process exclusive to Wildfire Outdoor Living.

Double-walled spring-assisted hood

As the grill master, you got your hands full. That's why our hoods easily opens with a touch of the finger.

Illuminated LED knob bezels

The grill is your stage. The lights add a little drama to your cooking performance.

Seamlessly welded lid

Details matter. From the front, side or top, the beauty is, well, seamless.

Stylish soft edges

Highlighting the same graceful curves and thoughtful design found indoors, but with a more rugged attitude.

FORGET THE COOK. KISS THE ENGINEER.

Wildfire grills are engineered to perform so you can shine. The company was born and bred in Arizona, where we cook outdoors 365 days year (not to rub it in). And we've been doing it for more than 20 years.

All that experience and know-how goes into every grill we make.

INTERIOR FEATURES

① Thick laser-cut 304 stainless steel cooking grates allow food to cook evenly on a greater contact surface without getting dry.

② Double-walled spring assisted hood makes opening and closing the lid easy so you can keep a watchful eye on your creations.

③ Premium-quality cast stainless steel burners provide a massive amount of cooking power, from 42,000 to 74,000 BTUs.

④ 304 stainless steel heat dividers maintain designated burner zones, so you can cook a steak on one side and a tender piece of fish on the other side.

⑤ Infrared rear burner heats up to 10,000 BTUs, perfect for exceptional rotisserie style cooking.

⑥ PIEZO ignition system ignites to produce our flame thrower valve, ensuring your grill lights every time with no electricity necessary.

Carts are available for the Ranch Pro 30" and 42" Griddle the 30", 36" and 42" Ranch Pro Gas Grills.
